Dear Sir or Madam:

The editors of Biography Today take immense pleasure in inviting you to be one of the few whose biographical profiles have been specially selected for inclusion in this follow-up volume.

Biography Today is attempted to be an authoritative reference book providing biographies of men and women who, whether by deed or thought, have made their mark or are in the process of making it in the world arena.

In pursuit of thoroughness and usefulness of the proposed publication, it was considered imperative that persons on the threshold of achievement or who are on their way up or those who happen to be on the border line of popularity but ignored by caption writers, be also accorded a place in the book, the result of the conviction that we and the book should look not only at the past and the present but also ahead to tomorrow and the future.

Enclosed, herewith, please find your biographical profile gathered by our researchers. Please return it duly corrected and up-dated to enable us to include your biographical profile, after re-writing the same in our own format, in the forthcoming volume of Biography Today.

Meanwhile, we avail ourselves the consideration and esteem with which we are,

Sincerely yours

Ravi Bhushan – Editor.
